

Hermetically Sealed Refrigerator Compressor

This hermetically sealed compressor is designed for refrigeration equipment. It features robust construction, efficient cooling, and compatibility with R134a refrigerant.

Product Overview

Professional Cooling Solution

This hermetically sealed refrigerator compressor is engineered for reliability and efficient performance in demanding refrigeration environments. Optimized for low back pressure (LBP) applications, it provides consistent cooling while utilizing R134a refrigerant. Its compact and robust design ensures compatibility with standard household refrigerators and freezers requiring long-term operational durability.

Technical Specifications

Model Code	GSE30AA
Rated Power	0.1 HP
Voltage Frequency	220-240V 50-60Hz

Performance

Cooling Efficiency

1.2 Ratio
COP

Compatibility

Refrigerant Compatibility

R134a

Application Type

LBP, Household Refrigerators, Freezers
