

Hex Head Bolt and Nut Set

This set includes hex head bolts and nuts for secure fastening. They are suitable for use in construction, machinery, and DIY projects.

Overview

Industrial Fastener Solutions

This comprehensive set of hex head bolts and nuts is engineered to meet diverse international standards, including DIN, ISO, ANSI, and ASTM specifications. Designed for versatility, these fasteners are suitable for critical applications ranging from heavy construction and automotive assembly to furniture manufacturing. With multiple material and finish options available, this product line ensures secure and reliable connections for both standard and specialized industrial requirements.

Technical Standards

Standard Types

- DIN
- ISO
- ANSI
- ASME
- BS
- AS
- JIS

Supported Standards

DIN931/33, DIN960/61, DIN934, DIN125/27, DIN6914/15/16, DIN7990, ISO4014/17, ASTM A325, ASTM A490, ASTM A563, ASTM F436, ASTM A193 B7, ASTM A194 2H

Material & Finish

Material

Carbon Steel • Alloy Steel

Available Finishes

Plain, Black Oxidized, Zinc Plated, Hot Dip Galvanized, Dacromet

Performance & Grades

Supply Capacity

800 tons

Monthly Supply

Strength Grades

8.8, 10.9, 12.9, gr5, gr8

Logistics

Standard Packaging	25kg per carton, 36 cartons per pallet
Delivery Lead Time	7-30 days

Application

Primary Applications

- Building Construction
- Instrumentation
- Automotive
- Furniture
