

Hi-Vis Terry Loop Latex Palm Coated Gloves

These hi-visibility gloves feature a 7-gauge terry loop acrylic brushed liner for enhanced comfort and warmth. The crinkle latex palm coating provides excellent grip and durability.

Overview

High-Visibility Winter Protection

These 7-gauge hi-viz gloves are designed for demanding outdoor work in cold conditions, featuring a brushed acrylic terry loop liner for superior warmth. The crinkle-finish latex palm coating ensures a secure grip and enhanced durability across various manual tasks. With high-visibility yellow or orange coloring, these gloves significantly improve worker safety in low-light environments.
