

High Bay LED Flood Light

This high bay flood light is designed for industrial and commercial applications. It features a robust construction with a durable housing and a prismatic reflector for optimal light distribution.

Product Overview

Industrial High Bay Lighting Solution

The ZTT002 Series High Bay LED Flood Light is engineered for demanding industrial and commercial environments. Featuring a robust housing and a specialized prismatic reflector, it ensures optimal light distribution for large-scale spaces like warehouses, factories, and sports facilities. This unit is designed for reliable, long-term performance with high lumen output and streamlined installation requirements.

Technical Specifications

Key Design Features

- Robust housing construction
- Prismatic reflector for optimal light distribution
- High lumen output
- Easy installation and maintenance design

Model Series	ZTT002
Recommended Applications	Warehouses, Factories, Sports Facilities, Industrial, Commercial
