

High-Intensity LED Work Light

This high-intensity LED work light is designed for rugged applications. It features EMC enhancement to CISPR25 CLASS5.

Overview

High-Performance Illumination

This high-intensity LED work light is engineered for demanding industrial and off-road applications. Delivering 4,500 lumens of output, it ensures superior visibility in harsh environments. With a robust design and IP69K waterproof rating, it provides reliable performance for construction equipment and heavy-duty vehicles.

Technical Specifications

Power Output

40 W

Total Power

4500 lm

Luminous Flux

LED Configuration

- 4 x 10W High-Output LEDs

Voltage Range

DC 10-30V

Color Temperature

5700 K

Beam Pattern

Wide Flood Beam

Compliance & Durability

Waterproof Rating

IP69K

EMC Compliance

CISPR 25 Class 5

Warranty

2 Years
