Product Overview

High-Performance Alkaline Energy

These premium alkaline batteries are engineered to provide a stable and consistent energy supply for a wide range of electronic devices. Designed for both low-drain and high-drain applications, they are perfect for household items like remote controls, toys, and portable electronics. Committed to environmental safety, these power cells are manufactured with 0.00% mercury and cadmium content.

Technical Specifications

Voltage Specifications

1.5 V

Standard Battery Voltage

9 V

9V Battery Voltage

Available Battery Sizes

AA (LR6/AM3), AAA (LR03/AM4), C (LR14/AM2), D (LR20/AM1), 9V (6LR61), N (LR1)

Safety & Compliance

Environmental Compliance

0.00% Mercury • 0.00% Cadmium

Handling Precautions

- Do not recharge batteries
- Do not dispose of in fire
- Risk of explosion or leakage if mishandled
