

High-Performance Blower for Cleaning and Debris Removal

This high-performance blower is designed for efficient cleaning and debris removal. Its powerful motor provides strong airflow, variable speed control, and a lightweight, ergonomic design.

Product Overview

High-Performance Cleaning Solution

This high-performance aspirator blower is expertly designed for efficient cleaning and debris removal in demanding environments. Engineered with a powerful motor, it delivers strong airflow and features variable speed control for versatile operation across various tasks. Its lightweight, ergonomic construction ensures comfortable handling, making it an ideal tool for workshops, garages, and outdoor maintenance.

Technical Specifications

Input Power	400 W
Voltage	220V-240V~50/60Hz
No-load Speed	14000 rpm
Max Blowing Rate	3 m ³ /min
