

High-Performance Coating Spray Gun

This spray gun is designed for a variety of coating applications. It features durable construction and precise control for consistent results, making it ideal for automotive, industrial, and wood-working projects.

Product Overview

Professional Coating Performance

This high-performance spray gun is engineered for superior coating applications across automotive, industrial, and woodworking sectors. It features a robust construction that ensures long-term reliability even in demanding work environments. Designed for efficiency, the unit provides excellent atomization and high transfer rates to minimize material waste while delivering a consistently smooth, professional finish.

Technical Features

Performance Metrics

100 %

Transfer Efficiency

Operational Control

- Precise flow control
- Adjustable settings for customization
- Consistent spray pattern

User Profile

Professional • DIY

Suitable Applications

Automotive, Industrial, Woodworking
