Product Overview

High-Performance Illumination

This high-power LED lamp is engineered for environments requiring intense, reliable illumination. Featuring a robust construction with an advanced heat-dissipating structure, it ensures an extended lifespan and consistent performance. The design incorporates a white diffuser for uniform light distribution, making it an ideal choice for demanding commercial and industrial applications.

Technical Specifications

Available Power Models

Model Type	Power Output
T100	35
T120	45
T120	55
T135	75
T150	95
T158	125

Key Features

High Intensity, Heat Dissipation, Uniform Distribution, Energy Efficient

Design & Installation

Build Quality

Robust Construction • Heat-Dissipating Structure

Installation

Equipped with a standard screw base for easy installation in a variety of fixtures.
