

# High-Pressure Cleaning Machine

This high-pressure cleaning machine is designed for robust cleaning tasks. It features a durable frame and large wheels for easy maneuverability across various terrains.

## Product Overview

### Professional Cleaning Performance

This high-pressure cleaning machine is engineered for robust cleaning tasks, delivering reliable power for demanding applications. Built with a durable frame and large, maneuverable wheels, it is designed to handle various terrains with ease. The unit includes integrated storage solutions like a hose reel and nozzle holders, ensuring efficient operation and organization for both professional and residential cleaning needs.

## Technical Specifications

Model Identifier	ZSGQ11/18
Engine Type	Reliable Power Engine

## Features

### Convenience & Organization

- Integrated hose reel
- Nozzle storage system
- Large wheels for terrain maneuverability

## Applications

Ideal For	Vehicle Cleaning, Patio Maintenance, Professional Use, Residential Use
