

High Pressure Coating Spray Gun

This high-pressure spray gun is suitable for a wide range of coating applications. It features a robust construction and adjustable nozzle for controlling fluid flow and spray width.

Product Overview

High Pressure Spray Gun R2-F

The High Pressure Spray Gun R2-F is a versatile, robust tool engineered for consistent and even spray patterns across various coating applications. It features an adjustable nozzle for precise control over fluid flow and spray width, ensuring optimal material usage and superior finish quality. Designed with an ergonomic handle for comfort during extended operation, this tool is ideal for automotive refinishing, woodworking, and general industrial coating tasks.

Technical Features

Control Capabilities

- Adjustable fluid flow
- Adjustable spray width

Nozzle Adjustability

Yes

Applications

Recommended Applications

Automotive Refinishing, Woodworking, Industrial Coating

Design

Design Focus

Ergonomic Handle • Robust Construction
