

High Pressure Gravity Feed Spray Gun

This high-pressure spray gun is designed for a wide range of painting and coating applications. The gravity-feed design ensures efficient material usage and consistent spray patterns.

Product Overview

Professional Performance

The High Pressure Spray Gun R71-G is a versatile tool engineered for a wide range of painting and coating applications. Its gravity-feed design ensures efficient material usage and consistent spray patterns, while the adjustable nozzle provides precise control over paint flow and atomization. Built for durability, this gun is ideal for automotive refinishing, woodworking, and general painting projects, delivering professional-quality results.

Technical Specifications

Core Features

- Adjustable nozzle for precise flow control
- High-pressure atomization
- Efficient material usage
- Durable construction

Model	R71-G
Feed Type	Gravity Feed
Suitable Applications	Automotive Refinishing, Woodworking, General Painting
