

# High Pressure Power Washer

This high-pressure power washer is designed for demanding cleaning tasks. It delivers consistent high-pressure output suitable for removing stubborn dirt and grime from various surfaces.

## Product Overview

### High-Performance Industrial Cleaning

This high-pressure power washer is engineered for demanding cleaning environments, utilizing a powerful gasoline engine and a durable crankshaft connecting rod pump. It offers exceptional versatility with adjustable pressure settings and high flow rates, making it suitable for removing stubborn grime. Safety and maintenance are prioritized through integrated low-oil automatic shutdown and temperature control systems.

## Performance Metrics

### Key Performance Indicators

**9 HP**

Engine Power

**3600 RPM**

Speed

**300 bar**

Max Pressure

**15 L/min**

Max Flow Rate

## Technical Specifications

### Technical Details

Feature	Specification
Motor Type	Gasoline Engine
Pump Type	Crankshaft Connecting Rod
Operating Pressure	220 - 250 bar
Flow Rate	14 - 15 L/min

## Physical Dimensions

### Physical Specifications

- Packing Size: 74 x 66 x 68 cm
- Gross Weight: 63 - 69 kg
- Net Weight: 60 - 66 kg

## Included Accessories

### Included Accessories

3m Feed Line, 5m High-Pressure Filter, 5 Color Nozzle Set

## Safety Features

### Safety Features

Automatic Low Oil Shutdown • Low Pressure Control • Water Temperature Control
