

High-Speed Kitchen Blender

This high-speed power blender is designed for versatile kitchen use. It features a robust motor capable of handling a variety of blending tasks, from smoothies to food processing.

Product Overview

Professional High-Speed Performance

This high-speed blender is engineered for versatility and durability in demanding kitchen environments. Equipped with a revolutionary brushless DC motor, it offers superior energy efficiency and an extended lifespan compared to standard universal motors. With a smart digital touch interface and multiple pre-programmed settings, it delivers consistent results for everything from smoothies to hot drinks.

Technical Specifications

Rated Power	1000 W
Rotational Speed	20000 RPM
Voltage Compatibility	220-240V, 110-120V
Frequency	50/60Hz

Features & Construction

Motor Technology

Brushless DC Motor • High Energy Efficiency

Pre-programmed Cycles

- Juice
- Grind
- Sauce
- Hot Drink
- Smoothie

Jar Material	100% BPA-free / Shatter-resistant Tritan
Control Interface	Smart digital touch panel with manual speed dial

Performance Metrics

Performance Highlights

1000 W Power Output	20000 RPM Max Speed
