

High-Speed Lockstitch Sewing Machine

This high-speed lockstitch sewing machine is suitable for sewing knitwear, cotton, and chemical fiber materials of medium thickness. It features two-way feeding, automatic oil supply, and a retrieving device for easy operation and even thread traces.

Product Overview

High-Performance Sewing Solution

This high-speed lockstitch sewing machine is engineered for versatility, making it ideal for processing knitwear, cotton, and various chemical fiber materials of medium thickness. It features advanced two-way feeding and an automatic oil supply system to ensure smooth, reliable operation. Users benefit from high productivity levels and consistent, beautiful thread traces across all stitching tasks.
