

High-Speed Single Needle Lockstitch Sewing Machine with Auto Thread Trimmer

This high-speed single needle flatbed lockstitch sewing machine is designed for efficient and precise sewing operations. It features an automatic thread trimmer for increased productivity.

Overview

High-Speed Performance

This high-speed single needle flatbed lockstitch sewing machine is engineered for efficient and precise sewing operations in high-volume production environments. Featuring an integrated automatic thread trimmer, it significantly boosts productivity by reducing manual finishing tasks. Its robust construction ensures long-lasting durability and consistent, high-quality stitch performance across various apparel and textile applications.

Technical Details

Model Number	TY-8811-TS-22
Machine Type	Single Needle Flatbed Lockstitch

Features

Key Features

- Automatic thread trimmer
- High-speed operation
- User-friendly controls
- Robust construction

Compliance & Safety
