

High-Speed Steel Circular Saw Blade

This high-speed steel circular saw blade is designed for cutting wood and various other materials. Its precision-ground teeth ensure smooth and accurate cuts.

Product Overview

High-Performance Cutting Solution

This high-speed steel circular saw blade is engineered for precision and durability, making it an essential tool for professional woodcutting applications. Featuring precision-ground teeth, it delivers exceptionally smooth and accurate cuts across various materials. Its robust construction ensures long-lasting performance and superior resistance to wear, providing reliable results in demanding work environments.

Technical Specifications

Material	High-Speed Steel (HSS)
Suitable Materials	Wood, General Materials
Compatibility	Various circular saws

Performance Features

Key Performance Attributes

- Precision-ground teeth for smooth cuts
- High wear resistance
- Durable construction
- Accurate cutting performance
