

High-Speed Steel Drill Bit Set

This drill bit set contains a range of high-speed steel (HSS) bits suitable for drilling into wood, metal, and plastic. The set is organized in a durable carrying case with individual compartments and a secure latch.

Product Overview

Professional High-Speed Steel Drill Bit Set

The LB-223 is a comprehensive drill bit set designed for high-performance drilling across multiple materials including wood, metal, and plastic. Each bit is crafted from high-speed steel (HSS) to ensure precision and long-lasting durability during intensive use. The set comes in a rugged, organized carrying case featuring a secure latching mechanism, making it an essential and portable solution for professional toolboxes.

Technical Specifications

Material

High-Speed Steel (HSS)

Tool Compatibility

Standard power drills

Application & Usage

Performance Features

- Precise drilling performance
- Efficient material removal
- Versatile size range for various needs

Suitable Materials

Wood, Metal, Plastic

Storage & Portability

Case Features

- Durable carrying case
- Individual size compartments
- Secure latching mechanism
- Spill-prevention design
