

# High-Suction Canister Vacuum Cleaner

This vacuum cleaner features an on/off switch with speed control and a cord retractable mechanism. It provides a vacuum of 19KPa and operates at a noise level of d 80dB.

## Product Overview

### High-Efficiency Cleaning Performance

The JA703 canister vacuum cleaner is designed to provide high-performance suction power for professional cleaning needs. Featuring an adjustable speed control and an intuitive on/off switch, this model balances power with ease of operation. Its compact design includes a retractable cord mechanism and a 2.5L dust capacity, making it an efficient and convenient solution for demanding environments.
