

High Tensile Steel Bolts and Nuts Assortment

This assortment includes hex head bolts, nuts, and washers suitable for demanding applications. The fasteners are made from hardened steel and may feature galvanized or black oxide coatings.

Product Overview

High Tensile Fastening Solutions

This assortment of high tensile bolts and nuts is engineered for demanding heavy-duty applications across construction, automotive, and furniture industries. Offering a wide range of international standards including DIN, ISO, and ASTM, these fasteners are available in multiple grades and finishes to ensure compatibility with specific engineering requirements. Built for reliability, this product line supports high-volume supply needs with consistent quality control.

Technical Standards

Specific Standards Compliance

- DIN 931/33
- DIN 960/61
- DIN 934
- DIN 125/27
- DIN 6914/15/16
- DIN 7990
- ISO 4014/17
- ASTM A325
- ASTM A490
- ASTM A563
- ASTM F436
- ASTM A193 B7
- ASTM A194 2H

Supported Standards

DIN, ISO, ANSI, ASME, BS, AS, JIS

Material & Finish

Material

Carbon Steel • Alloy Steel

Surface Finish Options

- Plain
- Black Oxidized
- Zinc Plated (White, Yellow, Blue, Color)
- Hot Dip Galvanized
- Dacromet

Performance & Logistics

Monthly Supply Capacity

800 tons

Supply Ability

Strength Grades	8.8, 10.9, 12.9, Grade 5, Grade 8
Typical Delivery Lead Time	7-30 days
Packaging Details	25kg per carton, 36 cartons per pallet

Application

Primary Applications

- Building Construction
- Instrumentation
- Automotive
- Furniture Assembly
