Product Overview

High-Traction Anti-Slip Safety Tape

This high-traction anti-slip tape is engineered to enhance safety and prevent slips and falls in hazardous environments. Featuring a durable abrasive surface and a strong adhesive backing, it provides superior grip even in wet or oily conditions. It is an ideal, cost-effective solution for securing stairs, ramps, and walkways, offering excellent resistance to wear, chemicals, and moisture.

Technical Composition

Base Material	PET/PEVA film
Surface Coating	Quartz, Emery, Aluminum oxide
Adhesive	Acrylic glue

Performance Features

Key Performance Attributes

1 Rating
Waterproof

1 Rating
Chemical Stability

Mechanical Properties

- High tensile strength
- High rigidity
- High hardness

Application & Availability

Color Options

Green • Gray • Red • Black/Yellow Hazard • Blue • White • Yellow

Recommended Applications

- Stairs
- Ramps
- Walkways
- Slippery hazard areas
