

High-Velocity Industrial Floor Fan

This high-velocity floor fan is designed for industrial and home use. It features a durable metal construction with adjustable tilt and multiple speed settings for optimal air circulation.

Product Overview

High-Velocity Industrial Ventilation

This high-velocity industrial floor fan is engineered for effective air circulation in large spaces. Built with a durable metal construction and a chrome finish, it combines robust performance with reliable functionality. The unit features an adjustable tilt mechanism for precise directional airflow and a multi-speed control panel to suit various ventilation and cooling needs.

Technical Specifications

Fan Size	110 mm
Construction Material	Durable metal with chrome finish
