Product Overview

Reliable Hood Release Solution

This hood release cable is engineered to match the exact dimensions and performance standards of original equipment, ensuring a seamless fit for specific vehicle applications. Designed with durability in mind, it features a corrosion-resistant construction and a lubricated inner cable sheath for smooth, long-lasting operation. The assembly utilizes high-strength, multi-strand steel wire that is bird-caged before die-casting to maximize pull-off force at the connection points.

Compatibility

Vehicle Application	FORD FUSION 2013, FORD FUSION 2014, FORD FUSION 2015, FORD FUSION 2016, FORD FUSION 2017, FORD FUSION 2018
---------------------	--

Technical Details

Construction Features

- Corrosion-resistant materials
- Sheathed and lubricated inner cables
- Multi-strand steel wire construction
- Bird-caged wire ends for high pull-off force
- Protective low-friction jacket

Design Quality

100 % OEM Fitment Match	1 High Operational Smoothness
-----------------------------------	---

Installation

Key Components

Component	Function
Swaged Metal Ball	Secure attachment to latch mechanism
Molded Connector	Interface for interior release handle
Protective Jacket	Friction reduction and corrosion protection
