

Hooked Garden Lantern Stake Light

This garden lantern features a hook design for hanging the light. It has a forked stake at the bottom for insertion into the ground.

Product Overview

Elegant Solar Garden Illumination

This hooked garden lantern stake light offers a sophisticated and eco-friendly lighting solution for outdoor landscapes. Featuring a high-efficiency mono solar cell, the lantern automatically activates at dusk and powers off at dawn, ensuring hassle-free operation. Its durable, waterproof construction and classic design make it an ideal choice for enhancing pathways, gardens, and outdoor spaces with reliable, energy-efficient illumination.
