

Horizontal Screw Base LED Light Bulb

This LED light bulb is designed with a horizontal screw base for easy installation. Its rectangular array of densely packed LEDs ensures uniform and energy-efficient lighting for various applications.

Product Overview

High-Efficiency Lighting Solution

This horizontal screw base LED light bulb is engineered for versatile lighting applications, making it suitable for both residential and commercial environments. Featuring a rectangular array of densely packed LEDs, it ensures uniform light distribution and consistent brightness. This energy-efficient design offers a long-lasting, cost-effective alternative to traditional incandescent bulbs, significantly reducing energy consumption.

Technical Specifications

Mounting Type	Horizontal Screw Base
Technology	LED
Design Features	Horizontal Orientation, Rectangular LED Array, Energy Efficient, Long-lasting

Usage

Suitable Applications

- Residential Lighting
- Commercial Lighting
