

Horizontal Steam Cleaning Machine

This steam cleaning machine operates at 230V /50Hz with a 2000W power input. It is designed to produce high-temperature steam for effective cleaning and sanitization.

Product Overview

Professional Horizontal Steam Cleaning Machine

This horizontal steam cleaning machine is designed for versatile cleaning applications, offering powerful performance for both household and light industrial tasks. With a robust 2000W heating element and 4 Bar steam pressure, it effectively removes stubborn dirt, grime, and stains. Its compact, wheeled design ensures easy maneuverability, while the extensive 20-piece accessory kit provides the right tools for a wide range of surfaces.
