Overview

Versatile Water & Sparkling Dispenser

This advanced desktop appliance combines a high-performance reverse osmosis filtration system with instant heating and cooling capabilities. It serves as both a water purifier and a professional-grade sparkling water maker, utilizing nano-bubble technology for perfect carbonation. With multiple temperature presets, it provides immediate access to hot, cold, and ambient water, making it an ideal choice for home or commercial beverage preparation.

Child Lock • Carbonation Level Alarm • Auto Pressure Relief • TDS Monitoring

Dispensing Modes

Sparkling Water, Ice Water, Room Temperature, 45°C Milk, 85°C Coffee, 95°C Hot Water

Performance Metrics

Performance Metrics

520 ml/min

Water Flow Rate

18 L/H

Hot Water Capacity

8 L/H

Cold Water Capacity

Technical Specifications

Electrical Requirements

Parameter	Value
Voltage	220V/50Hz
Rated Power	2200W
Heating Power	2100W

Filtration System

- PP Cotton Carbon Rod
- 200G Reverse Osmosis Membrane
- T33 Post-Carbon Filter

Tank Capacities

Component	Capacity
Original Water Tank	5L
Stand-by Sparkling Storage	1L
