

Hot Dip Galvanized Boat Trailer with Pulley System

This hot-dip galvanized trailer is equipped with a pulley system. The galvanized material ensures durability and corrosion resistance for long-lasting use.

Product Overview

Designed for Marine Durability

This hot-dip galvanized boat trailer features a specialized pulley system designed for convenient loading and unloading of motorboats. Built with high-quality galvanized materials, it ensures long-term durability and superior corrosion resistance, making it ideal for marine environments and long-distance transportation. Its robust construction and stable design provide a dependable solution for hauling small boats and personal watercraft.

Dimensions and Weight

Dimensions (L x W x H)	4000 x 1600 x 1180 mm
Net Weight	158 kg
Gross Weight	178 kg

Technical Specifications

Primary Application

Motorboat Transport • Marine Use

Tire Specification	165/70 R13
Key Features	Hot Dip Galvanized, Corrosion Resistant, Pulley System, Easy Loading
