

Hot-Dip Galvanized Forged Carbon Steel Eye Bolt with Nut

This eye bolt is manufactured from forged carbon steel and is hot-dip galvanized for corrosion resistance. It includes a regular nut for secure fastening.

Product Overview

Industrial Strength Carbon Steel Eye Bolt

This high-strength eye bolt is precision manufactured from forged carbon steel to ensure maximum durability and reliability in heavy-duty environments. The hot-dip galvanized finish provides superior corrosion resistance, making it an ideal choice for long-term outdoor and industrial rigging applications. Each bolt is supplied with a matching nut, ensuring a secure and efficient connection point for various lifting operations.

Technical Specifications

Included Components

- Eye Bolt
- Regular Nut
