

Household Cotton Candy Machine

This cotton candy machine is a household appliance for making cotton candy. It includes a bowl to catch the cotton candy and a scoop for adding sugar.

Product Overview

Household Cotton Candy Experience

This household cotton candy machine is a compact, electrical appliance designed to bring the fun of carnival-style treats into your home. Featuring a user-friendly design with a simple power switch, it allows users to easily transform granulated sugar into fluffy cotton candy. It is an ideal addition for family gatherings, parties, or simple home enjoyment.
