

# Household Electric Iron with Temperature Control

This electric iron is designed for household use. It features a temperature control dial, a non-stick soleplate, and a swivel cord.

## Product Overview

### Efficient Household Ironing Solution

This standard electric iron is engineered for reliable daily household use, offering consistent performance across various fabric types. It features an intuitive temperature control dial that allows users to adjust heat settings precisely for different garment needs. Built with a durable plastic housing and a high-quality metallic soleplate, this iron ensures efficient heat distribution and smooth gliding for a professional finish.

## Design & Construction

### Soleplate Coating

Non-stick

### Body Material

Durable Plastic

### Soleplate Material

Metallic

## Features

### Key Features

- Adjustable temperature settings
- Smooth gliding soleplate
- Ergonomic swivel cord for easy maneuverability
- Efficient heat distribution

### Control Mechanism

Temperature Control Dial

### Cord Design

Swivel Cord
