

Household Electric Iron with Temperature Control

This electric iron is designed for efficient wrinkle removal from various fabric types. It incorporates a water inlet for steam ironing and a power indicator light for safe operation.

Product Overview

Versatile Household Ironing Solution

This household electric iron is designed for efficient wrinkle removal, offering both dry and steam ironing capabilities to suit various fabric types. It features a durable soleplate available in non-stick, stainless steel, or ceramic finishes for smooth gliding. With adjustable temperature control and a comfortable ergonomic handle, it ensures safe and effective operation for daily garment care.

Ironing Modes

Dry Ironing • Steam Ironing
