

Household Electric Steam Iron

This household electric steam iron is designed to remove wrinkles from fabric. It features a temperature control dial, a water reservoir for steam generation, and a non-stick soleplate for smooth gliding.

Overview

Efficient Household Steam Iron

This household electric steam iron is designed to provide versatile fabric care with multiple ironing modes including dry, spray, and steam. It features a user-friendly design with variable steam control and a powerful burst of steam function to tackle stubborn wrinkles effectively. With its ergonomic handle and smooth-gliding soleplate, this appliance is an essential tool for maintaining crisp, wrinkle-free clothing.
