

Household Exhaust Fan

This compact exhaust fan is designed for household ventilation. Constructed from durable white plastic, it ensures longevity and is suitable for bathrooms, kitchens, and other small spaces requiring air circulation.

Product Overview

Efficient Household Ventilation

This compact and efficient exhaust fan is engineered to provide optimal air circulation for small residential spaces such as bathrooms and kitchens. Constructed from durable, easy-to-clean white plastic, it is designed for reliable long-term performance. The unit is versatile enough for either wall or window mounting, effectively removing unwanted odors and moisture to maintain a fresh indoor environment.

Technical Specifications

Material	Durable Plastic
