

Household LED Light Bulb

This energy-efficient LED bulb is designed for household lighting applications. It features an aluminum heat sink and a frosted diffuser to provide optimal thermal management and uniform light distribution.

Product Overview

Energy-Efficient Household Lighting

This LED bulb is engineered for reliable household lighting applications, providing a balance of efficiency and durability. It features an integrated aluminum heat sink for superior thermal management, ensuring stable performance over time. The frosted diffuser design guarantees uniform light distribution, making it an ideal choice for various indoor environments.

Technical Specifications

Thermal Design	Aluminum heat sink
Diffuser	Frosted

Features

Key Features	Energy-efficient, Long lifespan, Uniform light distribution, Indoor use
--------------	---

Application

Primary Application

Household • Indoor Lighting
