

Household Steam Iron for Garment Care

This household steam iron is designed for ironing clothes and fabrics. Its ergonomic handle ensures comfortable grip and ease of use.

Product Overview

Compact Household Steam Iron

This foldable handle steam iron is designed for efficient garment care in a compact, travel-friendly package. Featuring a non-stick Teflon soleplate, it ensures smooth gliding across various fabrics while offering both dry and steam ironing options. With safety features like a cut-out mechanism and adjustable temperature controls, it provides a reliable solution for professional or home garment maintenance.
