Overview

Modular Plastic Conveyor Belt

The HS-1500A is a versatile modular plastic conveyor belt engineered for high-performance applications in the packing and food processing industries. Its robust modular construction allows for easy installation, maintenance, and customization, while providing excellent resistance to wear, chemicals, and temperature extremes. Designed for reliability, this belt ensures smooth product transfer and features food-approved materials to meet stringent hygiene standards.

Technical Specifications

Compatible Sprocket Teeth

- 10
- 19
- 24
- 28

Pitch	12.7 mm
Thickness	8.5 mm
Minimum Width	76 mm
Rod Diameter	4.5 mm
Open Area	0%

Performance & Material

Maximum Load Capacity

1.2 tons/m²
Max Load

Certifications

FDA • EU Approved

Available Materials

PP, POM, PE, PA

Working Temperature

-40°C to 260°C

Design Features

Key Features

- Floating in water
- Food defrosting compatible
- Maintenance-free design
- Easy to clean
- Flight included

Available Colors

White, Blue, Gray, Nature, Dark-brown

Applications

Industry Applications

Sector	Applications
Food Industry	Meat, Poultry, Sea Food, Bakery, Snack Food, Fruit & Vegetables
Non-food Industry	Automotive, Tire, Packaging, Printing/Paper, Postal, Corrugated Cardboard, Can & PET Manufacturing, Textile
