

HSS Circular Saw Blade

This high-speed steel (HSS) circular saw blade is designed for precision cutting of various materials. Featuring a durable construction and sharp teeth, it ensures efficient and clean cuts.

Product Overview

High-Performance HSS Circular Saw Blade

This high-speed steel (HSS) circular saw blade is engineered for precision cutting across a variety of materials. Featuring a durable construction and sharp, optimized teeth, it ensures efficient, clean cuts every time. Designed for versatility, this blade offers excellent performance and long-lasting durability in demanding cutting applications.

Technical Specifications

Material	High-Speed Steel (HSS)
Key Features	Precision Cutting, Durable Construction, Vibration-Free Operation
Mounting	Precisely engineered central mounting holes for secure fit
