Product Overview

Professional HVLP Spraying Performance

This HVLP (High Volume Low Pressure) mini air spray gun features a durable die-cast aluminum body designed for ergonomic comfort and longevity. Its advanced design ensures high transfer efficiency, saving up to 25% in time and paint while significantly reducing overspray and mist. Equipped with a stainless steel nozzle and needle, it is compatible with aqueous-based paints, making it an ideal choice for high-adhesive surface finishing and coating applications.

Technical Specifications

Air Consumption

1 CFM

Min Air Consumption

4 CFM

Max Air Consumption

Nozzle Size	0.8 mm
Nozzle Range	0.8 - 1.0 mm
Fluid Delivery Rate	70-110 ml/min
Cup Capacity	100 ml

Operational Requirements

Operating Pressure	30 PSI / 2.1 Kg/cm ²
Air Inlet Size	1/4 inch

Design & Customization

Construction Materials

- Die-cast aluminum body
- Stainless steel nozzle
- Stainless steel needle

Available Finishes

Polished Metal, Powder Coated, Chrome-plated, Nickel-plated, Anodized
