

HVLP Gravity Feed Spray Gun

This high-volume, low-pressure (HVLP) spray gun is designed for a variety of coating applications. It features a gravity-feed fluid delivery system and adjustable controls for spray pattern and fluid flow.

Product Overview

Professional HVLP Spray Gun

This High Volume Low Pressure (HVLP) gravity feed spray gun is engineered for precision and efficiency in professional coating applications. Designed to minimize overspray while maximizing material transfer, it is an ideal tool for automotive refinishing, woodworking, and general painting tasks. The unit features adjustable controls for spray pattern and fluid delivery, ensuring consistent performance across a variety of projects.

Technical Specifications

Air Consumption

8.2 C.F.M.

Air Consumption

Operating Air Pressure	41 PSI
Air Inlet	1/4" NPS/BSP
Recommended Compressor	0.75-2.2 KW (1-3 HP)

Equipment Details

Available Nozzle Sizes

- 1.3mm
- 1.5mm
- 1.8mm

Cup Capacity	400 ml
