Product Overview

Hybrid Windshield Wiper Blade

Engineered for maximum contact with today's highly curved windshields, this hybrid wiper blade ensures superior all-weather performance. The integrated memory-curved steel spring provides even pressure distribution across the entire surface for a streak-free, clear wipe. Its aerodynamic design effectively reduces wind lift, while the user-friendly replacement function ensures quick and easy installation.

Technical Specifications

Compatible U-Hook Sizes

- 8.7 x 7 mm
- 9 x 11 mm

Installation Procedure

Step	Action
1	Open the connector cover
2	Insert the wiper arm U-hook
3	Slide to the right to secure the hook
4	Close the connector cover

Key Design Features

Aerodynamic Design, Memory Curved Steel, All-Weather Performance, Easy Installation
