

Illuminated Outdoor Pedestal Light

This modern light fixture features a slender metal body with integrated lighting. The top of the bollard has a bowl-shaped element for decoration.

Product Overview

Modern Illuminated Pedestal Light

This contemporary outdoor pedestal light combines architectural design with functional illumination. Featuring a tall, slender metal body with a unique stacked, segmented lighting pattern, it provides both aesthetic appeal and practical landscape lighting. The fixture is crowned with a versatile bowl-shaped element suitable for decorative use or light planting, and includes an integrated electrical outlet for added utility in outdoor environments.
