

Immersion Blender with Variable Speed

This immersion blender features an ergonomic handle and variable speed control. It is designed for blending, pureeing, and emulsifying ingredients directly in pots, bowls, or pitchers.

Product Overview

Professional Immersion Blender

This high-performance immersion blender is engineered for versatility and efficiency in professional kitchens. Featuring a powerful motor and a durable stainless steel blending shaft, it allows for seamless blending, pureeing, and emulsifying directly in pots, bowls, or pitchers. Its ergonomic handle and variable speed control ensure precise operation, while the detachable parts make cleaning quick and effortless.

Technical Specifications
