

Impact Drill with Variable Speed Control

This impact drill is designed for demanding drilling applications. It features a robust motor and variable speed control for powerful and precise drilling in various materials.

Product Overview

High-Performance Impact Drill

This high-performance impact drill is engineered for demanding drilling applications, featuring a robust motor that delivers consistent power across various materials. Equipped with variable speed control, it offers the precision and versatility required for professional tasks. Its ergonomic design prioritizes user comfort, helping to reduce fatigue during extended use.

Performance Metrics

Input Power

710 W

Standard Power

850 W

Max Power

No Load Speed	0-2800/min
Blows Per Minute	44800 BPM

Drilling Capacity

Drilling Capacities

Material	Max Capacity
Steel	13mm
Wood	25mm
Masonry	13mm
Chuck Capacity	1.5-13mm

Technical Specifications

Voltage/Frequency	230-240V / 50Hz
Net Weight	3 KGS
Packing Size	33.5 x 8 x 23 cm

Features

Key Features	Variable Speed Control, Impact Drilling, Ergonomic Design
