Product Overview

Professional Impact-Resistant Safety Goggles

These safety goggles are engineered to provide reliable eye protection against high-speed particle impacts, liquid splashes, and large dust particles. Featuring an aspheric lens design for an unobstructed view and indirect ventilation channels to minimize fogging, they ensure comfort during extended wear. Compliant with international safety standards, these goggles are an essential component for industrial, laboratory, and construction environments.

Compliance & Standards

Safety Standards

ANSI Z87.1-2020, CE EN 166: 2001

Technical Specifications

Impact Resistance

120 m/s

Max Particle Speed

Lens Characteristics

Anti-fog • Scratch-resistant • Impact-resistant • Aspheric design

Design & Comfort

Ventilation

Indirect 4-channel vent system to minimize fogging

Adjustment Mechanism

Adjustable elastic headband

Seal Material

Soft flange seals

Operational Limits

Temperature Range

- High: $55^{\circ}\text{C} \pm 2^{\circ}\text{C}$
- Low: $-5^{\circ}\text{C} \pm 2^{\circ}\text{C}$
