

In-Mold PC Shell Bicycle Helmet

This bicycle helmet features an in-mold PC shell with EPS liner for enhanced safety. It is equipped with 24 vents for optimal airflow and a comfortable fit.

ADDITIONAL IMAGES

Product Overview

The fluid model design minimizes wind resistance while providing maximum impact protection.

Professional Grade In-Mold Bicycle Helmet

This high-performance bicycle helmet features an advanced in-mold construction, fusing a durable PC shell with an impact-absorbing EPS liner for superior safety. Designed with a super-light and fluid profile, it offers 24 integrated vents to ensure optimal airflow and cooling during intense rides. With its modern coating and versatile application range across road, mountain, and racing disciplines, this helmet combines personality with professional-grade protection.

Technical Specifications

Aerodynamic red and black design featuring multiple ventilation ports for high-speed racing.

Lightweight construction paired with an adjustable strap system for a secure, customized fit.
