

Indoor Ceiling Fan with Light

This ceiling fan provides cooling in warmer months. Its clockwise switch in summer creates a wind chill effect, offering a temperature reduction of approximately 8 compared to the room's ambient temperature.

Product Overview

Energy-Efficient Comfort

This indoor ceiling fan combines classic aesthetics with practical energy-saving functionality. Designed to enhance air circulation, it helps create a wind-chill effect that allows you to adjust air conditioning settings for significant energy savings. Featuring five gracefully curved wooden blades and an integrated frosted glass light fixture, this unit offers both ambient illumination and reliable performance for any living space.

Energy Efficiency

AC Energy Savings Analysis

Metric	1P AC	2P AC	3P AC
Rated Power (W)	1200	2200	3100
Daily Elec. Charge (\$)	7.68	14.08	19.84
Daily Savings (\$)	2.622	5.182	7.486

Design & Construction

Design Highlights	Classic Design, Wooden Blades, Dark Metal Housing, Frosted Glass Light
Number of Blades	5

Operation & Control

Core Functions

- Fan Speed Control
- Light Settings Control

Control Type	Pull Chains
--------------	-------------

Performance

Summer Operation	Clockwise rotation produces wind chill effect, reducing perceived temperature by approx. 8°C
