

Indoor Ceiling Fan with Light

This ceiling fan provides a thermoelectric effect to cool rooms. It features five dark wood blades, an ornate body, and a central light fixture with amber-colored glass shades.

Product Overview

Energy-Efficient Cooling Solution

This indoor ceiling fan with integrated lighting combines aesthetic appeal with practical energy efficiency. By producing a wind-chill effect, it helps reduce reliance on air conditioning systems, potentially saving up to 40% on energy costs. Its ornate, antique-style design makes it a functional and stylish addition to residential or commercial indoor spaces.

Design & Aesthetics

Design Features	Antique Style, Dark Wood Blades, Amber Glass Shades, Intricate Metalwork
Number of Blades	5

Energy Efficiency Analysis

Energy Savings Comparison

Metric	1P AC	2P AC	3P AC
Rated Power (W)	1200	2200	3100
Electricity Charge/Day (\$)	7.68	14.08	19.84
Ceiling Fan Charge/Day (\$)	0.45	0.45	0.45
Saving/Day (\$)	2.622	5.182	7.486

Operational Benefit	Clockwise rotation produces a wind-chill effect, creating a perceived temperature drop of approximately 8°C.
