

Indoor Flat Panel TV Antenna

This flat panel TV antenna is designed for indoor use and provides access to over-the-air digital TV broadcasts. Its sleek, modern design allows it to blend seamlessly into any home decor.

Product Overview

Versatile Indoor Reception

This ultra-flat honeycomb panel antenna is designed to receive high-quality Full HD and digital TV signals. It serves as both a functional receiver and a piece of modern wall decor, blending seamlessly into any interior. The included detachable amplifier ensures optimal reception for both VHF and UHF frequencies to suit various environmental needs.

Technical Specifications

Frequency Range

- VHF: 174-230 MHz
- UHF: 470-862 MHz

Key Performance Metrics

105 dBuV

Output Level

3 dB

Noise Figure

75 ©

Impedance

VSWR Performance

Band	VSWR Ratio
VHF	<2.5
UHF	<2.50

Power & Operation

Powering	AC/DC adaptor or digital receiver
Operating Voltage	5 V

Features

Key Highlights	Ultra flat, Honeycomb design, Wall mountable, Detachable amplifier, Full HD support
