

# Industrial 8-Port PoE Ethernet Switch with Uplink

This industrial Ethernet switch features 8 100Base T(X) PoE ports and one 100Base TX uplink port. The PoE Ethernet ports are fully compliant with IEEE802.3af/at standards, providing up to 30W per port.

## Overview

### Industrial-Grade Connectivity

This unmanaged industrial PoE Ethernet switch is designed for high-reliability applications in demanding environments. Featuring 8 PoE-enabled ports compliant with IEEE802.3af/at standards, it delivers up to 30W per port for devices like IP cameras and wireless access points. Its fanless, corrugated metal design ensures efficient heat dissipation and IP40-rated protection, making it ideal for outdoor surveillance, rail traffic, and industrial automation.

## Performance

Switching Bandwidth	1.6 Gbps
Packet Forwarding Speed	1.2 Mpps
MAC Address Table	1 K
Buffer Memory	512 KB
